

WE'RE MOVING INTO OUR NEWLY RENOVATED CLINIC!

Beginning Tuesday, Nov. 12, UK Rheumatology will see patients in a new space at the Kentucky Clinic. The new space features improved waiting areas and exam rooms, and diagnostic testing will also be available on site.

At this time, the clinic will also become a hospital-based clinic of UK Albert B. Chandler Hospital. This could result in changes to your bill. Please ask our receptionist for more information.

Discounted parking is available in the Kentucky Clinic garage. Please take your parking entry ticket with you to your clinic appointment to receive a patient parking rate stamp.
